	Pages
<b>1. Basics of Gerontology</b>	<b>2</b>
<b>2. Systemic Approach of Gerontology</b>	<b>7</b>
<b>3. Biogerontology</b>	<b>13</b>
3.1. Basics of Biogerontology	13
3.2. Geriatrics	17
3.2.1. Cardiovascular system of Old Age and its Diseases	27
3.2.2. Physiological and Pathological Changes of the Nervous system with Age	31
3.2.3. Aging of the Pulmonary System and its Diseases	35
3.2.4. Aging of the immune system	39
3.2.5. Characteristics of the Changes of Gastrointestinal System as a Function of age	43
3.2.6. Endocrinology of Aging	47
3.2.7. Age-related Changes of Bone-Joints-Connective Tissue and their diseases	50
3.2.8. Characteristic Changes of the Mouth, Chin Bones, Teeth and Ear-Nose-Throat due to Aging	54
3.2.9. Ophthalmological and Dermatological Problems in Old Age	56
3.2.10. Age-related Changes of Kidney and Urinary System and their Diseases	60
3.2.11. Infectious Diseases in Old Age	62
3.2.12. Special Aspects of Medication in Old age	67
<b>4. Society Gerontology</b>	<b>73</b>
4.1. Sociopolitical Gerontology	73
4.2. Social Gerontology	79
4.2.1. Care and Attendance of Elderly People	79
<b>5. Psychogerontology</b>	<b>84</b>
5.1. Gerontopsychology and Gerontopsychiatry	84
<b>6. Prevention and Aging</b>	<b>89</b>
6.1. Prevention and Aging	89

<b>7. Possibilities of the Deceleration of Aging</b>	<b>93</b>
7.1. Theoretical Possibilities	93
7.2. Practical Possibilities	97
<b>8. Literature</b>	<b>100</b>
<b>9. Slides of Lectures</b>	<b>106</b>
9.1. Introduction	107
9.2. Gerontology	110
9.3. Basics	118
9.4. Gerontology in the Mirror of Statistics I.	124
9.5. Gerontology in the Mirror of Statistics II.	132
9.6. Systematic Approach	138
9.7. Biogerontology: Basics	147
9.8. Biogerontology: Theories	154
9.9. Biogerontology: Experimental gerontology	167
9.10. Biogerontology: Aging and Diseases	174
9.11. Geriatrics: Examination of Elderly	179
9.12. Geriatrics: Nervous, Cardiovascular and Immune System	187
9.13. Geriatrics: Respiratory, Endocrine and Digestive System	202
9.14. Geriatrics: Bones, Blood, Mouth	210
9.15. Geriatrics: Skin, Eyes, Ears-Nose-Larynx	217
9.16. Geriatrics: Infectious Diseases	223
9.17. Gerontopsychology	228
9.18. Prevention	232
9.19. Deceleration of Aging	246
